I. GENERAL RULES FOR BUDGETING

1. On Campus Event Admittance

SGA funded events held on-campus must be open to all undergraduate students of Stevens Institute of Technology. Under no circumstance may fees be assessed for entry or any items/services, including food and drink, purchased using SGA-allocated finances.

2. Budget Submissions

All budgets must be submitted online via DuckLink, if a portal is available.

3. Timing for Budget Requests

Budgets submitted after the specified deadline are not guaranteed to be considered at any given week's Senate Budget Committee hearing. If these budgets are considered, they will be given a lower priority and may be returned later than the predetermined budget return date.

4. Representation

Both Registered Student Organizations (RSOs) and student organizations from the Non-RSO subcommittee, jointly referred to as "SOs", which do not send a representative to a weekly budgeting meeting to provide supporting context to any form of budgeting request will not receive funding.

5. Budget Allocation Eligibility

SO may request funding from the SGA. Aforementioned Non-RSOs may only request funds for on-campus events that are open to all undergraduates and abide by all other SGA policies. Budget requests from those organizations which are not an RSO nor are otherwise represented in the Committee on Student Interests shall be considered on a case-by-case basis.

6. RSO Financial Responsibilities

All debts accumulated over the course of a semester will be paid for out of that student organization's allocated budget. In the event that an SO overspends their allocated budget, disciplinary action may result.

7. Approved Spending

Money allocated by the SGA may only be used by that student organization to which it was allotted. Funds allotted to an organization must only be spent on the events/items for which they were allocated. Organization spending is audited randomly.

8. Reallocation of Funds

If an SO wishes to reallocate SGA funds (including, but not limited to, money which will not be spent on an allocated item, money which was not spent on an allocated item, and money for events which have been canceled) for use towards another event/purchase during the same semester, they may do so by submitting a reallocation request form via DuckLink. The total amount requested to be allocated will not be more than 5% of the total event/purchase's cost or \$50, whichever is greater. Exceptions to this rule will require the direct approval of either the VPF or AVPF.

Organizations are not permitted to spend money on unapproved items before receiving allocation from the SGA. A RSO that has existed for more than five years and has not violated any SGA financial policy for the past two years, may request the right to autonomous reallocation. Autonomous reallocation is defined as the reallocation of funds at the discretion of an organization's executive board without the need for Senate approval. The VPF or AVPF shall open an autonomous reallocation request form on DuckLink every semester. The Senate, by standing motion, may grant this right to the RSO requesting it for a period of two years. An updated list of RSOs with autonomous reallocation and the end date of their two-year period shall be maintained by the VPF or AVPF. The RSO will be notified a month before the end of this period to apply for renewal if they wish to do so.

9. Leftover Funds

Unspent funds do not carry over from semester to semester. If an SO wishes to rollover funds from a fall semester to the following Spring semester, they may do so with the approval of the Senate via the rollover request form on DuckLink. This request must be submitted prior to the last Senate Budget Committee meeting. Rollover requests must be clearly itemized per Section II of the financial policy. Requests to rollover funds from a Spring semester to the following Fall semester are not allowed.

10. Outside Accounts

No SO is permitted to have any accounts outside of the management of the University. All finances of an SO must be held in at least one internal Stevens account with Student Life oversight.

11. Charitable Causes/Donations, Fundraising and Loans

Under no circumstance may SGA funds be donated directly to any outside source. Philanthropic events held by SOs may receive SGA funding for event costs(not including any supplies or food that themselves are the donation), provided event participation does not require a donation to the target philanthropy.

12. Disbursement of Funded Items

No funding by SGA nor items purchased from SGA-provided funds should be **distributed** to anyone who is not classified as an active Stevens Undergraduate Student. An exception to this shall be that a guest speaker, performer, or other figure whose services are necessary for an event may be served food at that event.

13. Alumni

The SGA will allow Alumni to be invited to events and to partake in the food provided using SGA funds. However, the SGA Vice President of Relations must be informed of all events and an expected list of alumni attendees with their names and emails.

The SGA will not fund SO formals.

15. Student Organization Purpose

All funding requested by a SO must align with the purpose of the organization set forth within the constitution.

16. Recognition and Awards

17. Off-Campus Event Fee

For off-campus events, attendees must contribute a minimum of \$5 out-of-pocket towards that particular event. When submitting an itemized budget, SOs will clearly indicate where this expense will contribute to the total budget. This expense may be covered by any funds held by the SO which were not allocated by the SGA. A maximum of \$80 per person can be requested by the SO per non-conference off-campus event.

18. Giveaway Policy

No individual prizes or giveaways purchased using SGA finances shall exceed \$50 in

cost (not including shipping and handling). A maximum of \$50 shall be given to any singular winner at any singular event or meeting . Prizes donated by outside vendors are not subject to this restriction.

19. Promotional Items

Allocations for promotional items may be requested with a cap of \$300 per semester. SOs in their first full semester after gaining full RSO status may allocate for promotional items with a cap of \$500. The Budget Committee shall consult with the VPSI on which SOs are eligible for this \$500 cap. A maximum of \$175 may go towards club fair giveaways. No items may be given away at the Accepted Students Weekend club fair. Promotional items may include, but are not limited to, banners, t-shirts, stickers, and magnets.

20. Prize Limit

Total prize allotments are limited to \$175 per event. Co-sponsored events may be considered for extra funding not to exceed \$175 per organization co-hosting. prize allotments. A SO may budget for prizes at a maximum of five events. SOs whose main purpose is competition are not subject to this five-event limit.

21. Political Policy

No entity may use SGA-provided funds to promote any candidate(s) for any election, except where provided for by the rights of free press. Entities may promote candidate awareness by providing unbiased information on each candidate or by promoting every candidate equally. However, all budget requests should align with Stevens Policy on Political Activities.

22. Food and Refreshments

23. Competitive Orgs

RSOs that the VPF and VPSI jointly agree compete on behalf of the university can budget for up to three off-campus competitive events per semester. There is no limit on the number of individuals nor how many events they can attend. However, each

25. Total SGA-Funded Events Each Semester

There shall be no strict limit on the total number of SGA-funded events per SO per semester.
