

SGA Vice President of Operations – Committee Head Expectations

In order to ensure that the committees of the SGA are performing to the best of their ability, each committee head must be held to a higher standard in regards to their responsibilities and expectations.

The Vice President of Operations has created standards that shall be met by each committee head. It is expected that each committee head will fulfill these expectations and the metrics will be tracked by the Vice President of Operations in a manner that is readily available to all.

These expectations can be classified into two main categories, found below:

MEETINGS

- Each committee shall hold a meeting at least twice per month.
- Committee meeting times and dates shall be scheduled at least one week in advance.
 - Once a committee meeting has been scheduled, the committee head shall add the meeting to the SGA shared calendar.
 - Exceptions shall be made within the first two weeks of the semester while committee heads and members decide upon their meeting time.

COMMUNICATION

- Each committee head shall track attendance at committee meetings.
- Each committee head shall keep minutes at committee meetings.
- Committee heads shall be expected to participate in a goal setting session with the Vice President of Operations at the beginning of each semester in order to define the committee's goals for the semester.
 - The committee's progress towards its goals shall be tracked.
 - Each committee head shall attend two one on one evaluation sessions with the Vice President of Operations; one midway through the semester and one at the end of the semester. These evaluations will help the Vice President of Operations to monitor each committee's progress and will allow for any adjustments that need to be made to the goal timeline.
